

1992

National Hog Farmer

Index

ANIMAL HEALTH

Amino Acids Could Boost Growth Hormone (10/92, p. 14)
Area Cleanup Seen As Best Answer To PRV (1/92, p. 68)
Beat Clostridium Enteritis (Veterinarians On Call, 4/92, p. 47)
Care of Vaccines and Equipment (Spring '92 BP, p. 27)
Central Drop-Off Site Solves Pig Disposal Problems (3/92, p. 43)
Chemical Castration (Hog Information, 8/92, p. 66)
Coccidiosis In Baby Pigs (Veterinarians On Call, 1/92, p. 68)
Controlling Nursery Pneumonias (Veterinarians On Call, 2/92, p. 46)
Controlling Gut Edema (2/92, p. 13)
Costly Salmonella Problems Grow (9/92, p. 45)
Delay Pig Processing: Give Pigs A Break (12/92, p. 18)
Disease Barricade (1/92, p. 44)
Every Herd Needs An Immunization Schedule (Spring '92 BP, p. 28)
Fall Weather Brings Pneumonia (Veterinarians On Call, 9/92, p. 40)
Fighting Strep. Suis (Veterinarians On Call, 11/92, p. 77)
Finding Healthy Breeding Stock (Vets On Call, 12/92, p. 53)
Finding The Best Oral Iron For Newborn Pigs (12/92, p. 36)
Get Ready For Cold Weather (10/92, p. 38)
High Zinc Levels Don't Improve Starter Gains (3/92, p. 91)
High-Health Pigs Need High-Powered Diets (12/92, p. 19)
How Does Off-Label Drug Use Fit In? (2/92, p. 12)
How To Fight MMA (8/92, p. 66)
Immunity Basics (Spring '92 BP, p. 5)
Immunization: How It Works (Spring '92 BP, p. 18)
Littermates Parted At Weaning Grow Faster With MEW (11/92, p. 32)
Make Slaughter Checks Work (11/92, p. 18)
Manage Control Programs (6/92, p. 52)
Measuring What MEW Can Do (2/92, p. 32)
Meeting The PRV Deadline (5/92, p. 25)
MEW Passes Second Test In Genetic Evaluation Trial (11/92, p. 30)
Missouri Farm Close To Pig Disposal Dead End (3/92, p. 40)
Mystery Swine Disease Incidence Low (1/92, p. 48)
Nervous Sows And Milk Production (Hog Information, 11/92, p. 38)
New Products For '92 (1/92, p. 26)
New Drugs: What's The Holdup? (2/92, p. 8)
New Routes To A High-Health Herd (11/92, p. 10)
Now What? Options For Dead Pig Disposal (3/92, p. 34)
Perfect Your Injection Technique (Spring '92 BP, p. 32)
Poor Finisher Performance (Veterinarians On Call, 3/92, p. 62)
Practical Vaccinating Tips (Spring '92, p. 26)
PRV Experts Question 'Suspect' Test Results (5/92, p. 16)
PRV Eradication Costs Continue To Rise (5/92, p. 27)
Put A Lock On Herd Health (11/92, p. 15)
Salmonella Treatment And Control (7/92, p. 40)
Selection Based On Disease Resistance (Spring '92 BP, p. 42)
Should You Repopulate? (4/92, p. 35)
Sizing Up Stress In The Hog House (6/92, p. 30)
Sow Constipation (European Update, 1/92, p. 54)
Stamp Out Foot Rot (6/92, p. 40)
Step-By-Step Guide To Cleaning, Disinfecting (4/92, p. 40)
Swine Dysentery May Be Hard To Live With (5/92, p. 44)
The Cost Of Prewaning Mortality (European Update, 9/92, p. 36)
The Cost: Vaccination vs. Disease (Spring '92 BP, p. 41)
The Culprits Of Downtime (Fall '92 BP, p. 28)
The Realities Of MEW, Multiple-Site Production (6/92, p. 46)
Vaccination Options (Spring '92 BP, p. 34)
War On PRV Pulls Herd Health Higher (5/92, p. 54)
What's The Real Value Of All-In, All-Out? (12/92, p. 22)
Why Vaccination Can Fail (Spring '92 BP, p. 30)

ANIMAL WELFARE/ANIMAL RIGHTS

Loadout Alley Design (Hog Information, 10/92, p. 42)
Pacifying Activists Isn't The Answer (5/92, p. 14)

FACILITIES & EQUIPMENT

20 Top Inventions From World Pork Expo (8/92, p. 35)
Build Your Own Farrowing Pens (Hog Information, 10/92, p. 40)
Build A Farrowing Nest (Hog Information, 3/92, p. 46)
Build Your Own Tube Ventilation (Hog Information, 5/92, p. 30)
Build Low-Cost Farrowing Space (Hog Information, 5/92, p. 28)
Building A V-Shaped Gutter (Hog Information, 12/92, p. 13)
Cattle Shed Becomes All-In, All-Out (Hog Information, 10/92, p. 42)
Clear Condensation Inexpensively (4/92, p. 41)
Comparing Different Ventilation Systems (1/92, p. 51)
Creative Solutions At The 1992 Inventions Contest (7/92, p. 54)
Designing The Ideal Finishing Building (1/92, p. 50)
Expandable Open-Front Unit (Hog Information, 9/92, p. 38)
Expo's Best New Products (7/92, p. 10)
Farrowing Stalls vs. Crates (Hog Information, 11/92, p. 43)
Fine-Tune Particle Size For Best Feed Conversion (11/92, p. 36)
Flush Tank On Wheels (6/92, p. 48)
Free-Stall Farrowing (1/92, p. 52)
Geothermal Cooling System For Breeding Facility (4/92, p. 39)
Gestation Stalls Help Sows Raise More Pigs (1/92, p. 70)
Gestation Barn Converts To Pen Farrowing (Hog Information, 12/92, p. 13)
Ideas For Nursery Remodeling (Hog Information, 7/92, p. 32)
It All Begins With A Scale (8/92, p. 28)
Keeping Breeding Barn Floors Dry (Hog Information, 11/92, p. 38)
Loadout Alley Design (Hog Information, 10/92, p. 42)
Low-Cost Breeding-Gestation Design (Hog Information, 12/92, p. 14)
Low-Cost Finisher For Northern Temps (Hog Information, 6/92, p. 44)
More Ideas For Farrowing Pens (Hog Information, 10/92, p. 40)
More Scales And Backfat Measurers (9/92, p. 39)
New Breeding Area (Hog Information, 8/92, p. 64)
New Products For '92 (1/92, p. 26)
No-Hassle Breeding Barns (Fall '92 BP, p. 52)
Open-Front Unit (Hog Information, 5/92, p. 28)
Putting Fans To The Test (1/92, p. 10)
Recycled Plastic Cuts Farrowing Unit Cost \$8,000 (8/92, p. 51)
Remodeling Remedies (9/92, p. 22)
Revamp A Dairy Barn For Finishing (1/92, p. 52)
Should You Remodel? 10 Points To Ponder (9/92, p. 23)
Soil Filter Scrubs Away Hog Unit Odors (5/92, p. 58)
Sows Prefer Wide Farrowing Crates (6/92, p. 20)
Suiting Up An Older Nursery (Hog Information, 6/92, p. 40)
The Straw-Flow Concept At Work (4/92, p. 40)
The Great Outdoors (10/92, p. 16)
Ventilation Solution (3/92, p. 48)
Vying For The Seal (1/92, p. 20)
You Can Learn A Little From The Poultry People (5/92, p. 58)

IMPORTS/EXPORTS

Disease Barricade (1/92, p. 44)
Mexico Bans U.S. Hog Imports (1/92, p. 48)
Mexico Resists U.S. Market Hogs (3/92, p. 28)
Stop Mexican Pork Shipments (5/92, p. 15)

MANAGEMENT

1992 Swine Research Review (12/92, p. 18)
Are You Continuing To Castrate? (European Update, 4/92, p. 42)
Better Gilt Development Cuts Sow Replacement Costs (6/92, p. 65)
Birth Weights (European Update, 3/92, p. 64)
Business Planning (10/92, p. 22)
Central Drop-Off Site Solves Pig Disposal Problems (3/92, p. 43)
Contract Farrowing (Hog Information, 7/92, p. 33)
Custom Farrowing On Shares (Hog Information, 5/92, p. 30)
Delay Pig Processing: Give Pigs A Break (12/92, p. 18)
Distribution Glitches Mark New PigCHAMP Release (6/92, p. 16)
Don't Always Blame The Boar (Veterinarians On Call, 8/92, p. 62)
Equipment To Measure Finishing Gains (6/92, p. 20)
Factors That Could Wreck Your Future (7/92, p. 34)
Fast-Growing Gilts May Have Delayed Puberty (1/92, p. 56)
Gestation Stalls Help Sow Raise More Pigs (1/92, p. 70)
Get Ready For Cold Weather (10/92, p. 38)
Give Away The Farm - And Keep Control (10/92, p. 28)
He Chose Hogs Over Corn (3/92, p. 68)
Heftier Pigs At Weaning Reach Market Faster (5/92, p. 68)
Here's What To Expect In The '90s (5/92, p. 66)
Hog Buildings And People (3/92, p. 63)
How To Reduce Prewaning Mortality (European Update, 10/92, p. 44)
How Do Your Pigs Rate? (5/92, p. 35)
How To Set A Custom Farrowing Rate (4/92, p. 40)
If Corporations Raised All The Hogs (Opinion Page, 8/92, p. 10)
Information Will Be Most Critical Need (Opinion Page, 6/92, p. 12)
Join A Pork-Production Team (Opinion Page, 9/92, p. 10)
Local Producers Build Their Own 'Lean Team' (11/92, p. 54)
Long-Term Picture Of Family Hog Farm (Opinion Page, 7/92, p. 8)

BP = Blueprint Series For Top Managers issue

Management Lessons From Corporate Giants (Opinion Page, 11/92, p. 22)
 Managing For Fewer NPDs (Fall '92 BP, p. 22)
 Missouri Farm Close To Disposal Dead End (3/92, p. 40)
 Mixing Pigs At Weaning Hardly Affects Gain (3/92, p. 91)
 More On How To Deal With Dead Pigs (9/92, p. 41)
 Non-Productive Sow Days: An Overview (Fall '92 BP, p. 6)
 Now What? Options For Dead Pig Disposal (3/92, p. 34)
 On-Farm Feed Trials: Think Before You Run (2/92, p. 47)
 Poor Finisher Performance (Veterinarians On Call, 3/92, p. 62)
 Putting A Dollar Value On Early Weaning (11/92, p. 28)
 Raising Pigs In The '90s (Opinion Page, 3/92, p. 30)
 Save The Farm For Your Heirs (3/92, p. 58)
 Setting A Lease Rate For Older Facilities (3/92, p. 46)
 Shopping For Software? Here's Help (11/92, p. 34)
 Should You Repopulate? (4/92, p. 35)
 Six Steps To Improve Your Profit Potential (1/92, p. 90)
 Stillbirths Are Profit-Robbers (European Update, 2/92, p. 30)
 Studying For Survival (8/92, p. 9)
 Super-Sized Hog Units (Hog Information, 11/92, p. 23)
 Surviving In The '90's (Opinion Page, 5/92, p. 13)
 Swine Research: From Lab To Farm (Opinion Page, 12/92, p. 8)
 Targeting Lean (5/92, p. 34)
 The Cost Of Preweaning Mortality (European Update, 9/92, p. 36)
 The Realities Of MEW, Multiple-Site Production (6/92, p. 46)
 The Great Outdoors (10/92, p. 16)
 Three Data Bases More Compatible (6/92, p. 18)
 Track Sow Feed Intake For Peak Performance (2/92, p. 38)
 What's The Real Value Of All-In, All-Out? (12/92, p. 22)
 Who Will Run Your Farm After You Retire? (5/92, p. 60)
 Writing A Fair Farrowing Contract (1/92, p. 52)
 You Can Wean Small Pigs, But Not Market Them Faster (12/92, p. 23)
 You Can Learn A Little From The Poultry People (5/92, p. 58)

MARKETING

Beating Backfat (6/92, p. 22)
 Breeding Herd Expansion Continues (7/92, p. 20)
 Carcass-Merit Marketing (3/92, p. 16)
 Consider This Before You Sell On Carcass Merit (11/92, p. 76)
 Corn Belt States Share In Large Unit Growth (5/92, p. 64)
 Fall Prices: Credit Imports, Demand (11/92, p. 29)
 Finding A Fair Feeder Pig Price (9/92, p. 39)
 Hog Count: Still Climbing (4/92, p. 46)
 Hog Cycle: Longer, Less Abrupt? (5/92, p. 65)
 Hog Quality Must Get A Lot Better (Opinion Page, 1/92, p. 42)
 Hog Price Hot Spot (8/92, p. 18)
 How To Keep Your Market (Opinion Page, 10/92, p. 8)
 Joining Forces For Genetic Improvement? (Opinion Page, 2/92, p. 28)
 Juggling The Costs Of Feeding Heavy Hogs (4/92, p. 30)
 Limit-Feed For A Lean Market Hog (2/92, p. 15)
 Limit-Feeding Can Reduce Backfat (Hog Information, 5/92, p. 29)
 Long Haul Not Biggest Offender In Shrink Loss (11/92, p. 36)
 Marketing Partners (3/92, p. 22)
 Marketing On The Fringe (3/92, p. 26)
 Mastering Marketing (4/92, p. 24)
 Nailing The Sort (9/92, p. 20)
 Packers Want Lean Hogs (Opinion Page, 4/92, p. 22)
 Packers Differ Up To \$11/Pig (8/92, p. 34)
 Seasonal Swings In Marketings More Pronounced (5/92, p. 94)
 Ultrasound Scanners: A Peek At Backfat, Loin Size (7/92, p. 22)
 USDA Unveils New Value-Based Hog Report (7/92, p. 28)
 USDA Hog Count Bullish! (1/92, p. 89)
 USDA Says Sow Count Still Rising (10/92, p. 12)
 Why Packers Push For Heavy Hogs (11/92, p. 58)

NATIONAL, STATE ORGANIZATIONS

Checkoff Questioned (3/92, p. 60)
 Delegates Tell Leaders: Get Moving On Genetic Test (4/92, p. 10)
 Delegates Okay Waste Management Plans (4/92, p. 13)
 Election: It's Rose, Johnson & Keppy (4/92, p. 14)
 Madigan To Name Six Newcomers To Pork Board (4/92, p. 16)
 New Meat Board Chairman Demands Cost Audit (5/92, p. 98)
 NPPC, NPCW Merger Gets Near-Unanimous Approval (4/92, p. 15)
 Producers Will Pay More Of Future Research Costs (5/92, p. 12)
 Studying For Survival (8/92, p. 9)
 Workshops Boost PQA Verification (5/92, p. 32)

NUTRITION

Alfalfa In Sow Diets (2/92, p. 14)
 Are Your Lactating Sows Eating Enough Protein? (5/92, p. 66)
 Common-Sense Oat Diets (Hog Information, 12/92, p. 14)
 Curb Aflatoxin Effects With Clay Products (2/92, p. 63)
 Extrude Green Soybeans For Grow-Finish Diets (12/92, p. 37)
 Extruded Milo, Beans Improve Performance (10/92, p. 14)
 Extruded Soy Protein Better For Weaned Pigs (1/92, p. 70)
 Feeding Vitamin E Keeps Pork Cuts Fresh (12/92, p. 24)

Feeding For Lean (9/92, p. 26)
 Finding The Best Oral Iron For Newborn Pigs (12/92, p. 36)
 Fine-Tune Particle Size For Best Feed Conversion (11/92, p. 36)
 Fine-Tune Your Feeding Strategies (5/92, p. 45)
 High-Producing Sows Need More Lysine (12/92, p. 39)
 High Zinc Levels Don't Improve Starter Gains (3/92, p. 91)
 High-Health Pigs Need High-Powered Diets (12/92, p. 19)
 How Much Protein? Let Pigs Choose (5/92, p. 70)
 Milk Replacer Boosts Litter Weaning Weight (12/92, p. 34)
 Modern Sows Need Nutrition To Match (Fall '92 BP, p. 40)
 More Lysine Helps Sows Maintain Weight (12/92, p. 38)
 More Vitamin E Aids Growth, Pork Quality (11/92, p. 37)
 New Ways To Give Small Pigs A Fighting Chance (12/92, p. 32)
 On-Farm Feed Trials: Think Before You Run (2/92, p. 47)
 Phase-Feeding Meets Nutrient Needs (European Update, 8/92, p. 58)
 Pigs Need Digestible Carbohydrates In Whey (5/92, p. 68)
 Tallow Gives Feeder Pigs A Faster Start (12/92, p. 52)
 Tallow Helps Feeders Gain Faster To Market (5/92, p. 70)
 To Wean Heavy Pigs, Feed Sows More Protein (3/92, p. 91)
 Track Sow Intake For Peak Performance (2/92, p. 38)
 Try Wet-Feeding (European Update, 11/92, p. 24)
 Wanted: The Perfect Protein (1/92, p. 56)
 Whey Is Cost-Effective In Starter Diets (6/92, p. 20)

PACKING INDUSTRY

Breeding For Lean Turns Out Inferior Pork (8/92, p. 32)
 Snapshot of the Pork Packing Industry (8/92, p. 12)
 Why Packers Push For Heavy Hogs (11/92, p. 58)

PROMOTION & CONSUMER INTERESTS

New Meat Board Chairman Demands Cost Audit (5/92, p. 98)
 New Program Helps Retailers Realize Pork Profit (9/92, p. 14)

REGULATORY

Do Lagoons Have A Future? (2/92, p. 26)
 How Does Off-Label Drug Use Fit In? (2/92, p. 12)
 Meeting The PRV Deadline (5/92, p. 25)
 Missouri Farm Close To Pig Disposal Dead End (3/92, p. 40)
 New Drugs: What's The Holdup? (2/92, p. 8)
 Now What? Options For Dead Pig Disposal (3/92, p. 34)
 Nuisance Suits: Many State Laws Are On Your Side (2/92, p. 22)
 PRV Eradication Costs Continue To Rise (5/92, p. 27)
 The Smell Of Trouble (2/92, p. 18)

REPRODUCTION & GENETICS

B-Mode Ultrasound Best Bet For Live Ranking (12/92, p. 26)
 Beating Backfat (6/92, p. 22)
 Better Gilt Development Cuts Sow Replacement Costs (6/92, p. 65)
 Boar Testing Continues To Slip (9/92, p. 34)
 Breeding For Lean Turns Out Inferior Pork (8/92, p. 32)
 Chemical Castration (Hog Information, 8/92, p. 66)
 Controlled Reproduction: Planned Parenthood (Fall '92 BP, p. 46)
 Delegates Tell Leaders: Get Moving On Genetic Test (4/92, p. 10)
 Don't Always Blame The Boar (8/92, p. 62)
 Effect Of Prostaglandin Products Compared (10/92, p. 14)
 Fast-Growing Gilts May Have Delayed Puberty (1/92, p. 56)
 Genetic Testing Funds Better Spent Elsewhere (5/92, p. 14)
 Hog Quality Must Get A Lot Better (Opinion Page, 1/92, p. 42)
 How To Get The Most From Your Gilt Pool (12/92, p. 26)
 Interested In Genetics? Sign Here (9/92, p. 12)
 Local Producers Build Their Own 'Lean Team' (11/92, p. 54)
 Managing For Fewer NPDs (Fall '92 BP, p. 22)
 Measuring Progress (1/92, p. 62)
 More Scales and Backfat Measurers (9/92, p. 39)
 New Show Format Offers Expanded Carcass Report (7/92, p. 9)
 Prebreeding Treatment Produces More Pigs (12/92, p. 29)
 Selecting For Ovulation Rate Boosts Litter Size (12/92, p. 28)
 Selection Based On Disease Resistance (Spring '92 BP, p. 42)
 Seventeen Super Sires Named (10/92, p. 32)
 Should We Support Genetic Improvement? (Opinion Page, 2/92, p. 28)
 Steps To Reduce Fall Pregnancy Loss (1/92, p. 19)
 Talk Turns To Action: Sire Tests Start This Year (5/92, p. 10)
 Tapping The Secrets Within Pig Genes (12/92, p. 30)
 The Culprits Of Downtime (Fall '92 BP, p. 28)
 Ultrasound Scanners: A Peek At Backfat (7/92, p. 22)
 Untangling The Estrous Cycle (Fall '92 BP, p. 15)
 Why Tested Boars Don't Sell Better (2/92, p. 42)
 Will Backfat Emphasis Spoil Sow Productivity? (11/92, p. 46)

MISCELLANEOUS

20 Top Inventions From The World Pork Expo (8/92, p. 35)
 Creative Solutions Top 1992 Inventions Contest (7/92, p. 54)
 National Hog Farmer Service Awards (3/92, p. 8)
 World Pork Expo Preview (5/92, p. 48)
